CAREER OBJECTIVE

To secure a beginner-level position in a reputable organization where I can apply my technical skills, learn continuously, and grow both personally and professionally.

EDUCATION

Reva University, Bengaluru <i>B.Tech in Computer Science and Information Technology</i>	2022 – 2026 <i>CGPA: 9.01/10</i>
Sri Chaitanya Academy College, Tirupathi <i>Intermediate (MPC)</i>	2020 – 2022 <i>Percentage: 94.5%</i>
Keshava Reddy Concept School, Tirupathi <i>Secondary Education</i>	2019 – 2020 <i>Percentage: 96.66%</i>

PROJECTS

Job Portal Web App (Node.js, Express, SQLite, React)

- Developed a full-stack job portal with dual panels for students and recruiters.
- Recruiters can post jobs, and students can apply; all data stored securely in SQLite.
- Implemented JWT authentication for protected routes and responsive UI with plain CSS.

Job Tracker Web App (React, Firebase, Tailwind CSS)

- Built a responsive job tracking system with add, update, delete, and filter functionalities.
- Integrated Firebase Firestore for real-time database updates and used modern UI components.

Chatbot (Python, Google Search API)

- Developed a full-stack AI chatbot that provides instant responses and government service information using SerpAPI and live Google Search.
- Implemented predefined responses, keyword detection, and real-time search results for queries related to government services like Aadhaar, PAN, Passport, and more.
- Tech stack: React.js · Flask · Python · REST API · SerpAPI · JSX · CSS · GitHub

Quiz Web App (HTML, CSS, JavaScript)

- Built an interactive quiz platform with scoring and timer logic.
- Ensured mobile responsiveness and cross-browser compatibility.

TECHNICAL PROFILE

- Strong foundation in Data Structures, Algorithms, and Object-Oriented Programming
- Hands-on experience in building frontend web applications
- Knowledge of Git-based version control
- Basic understanding of networking, OS, and database management

TECHNICAL SKILLS

- **Languages:** C, Java, Python, HTML, CSS, JavaScript, React js, Node js, Express js
- **Frameworks:** .NET
- **Tools/Platforms:** Git, VSCode, Android Studio, Arduino IDE, ,intelli j idea
- **Databases:** MySQL,Sqlite3 Firebase Realtime DB

SOFT SKILLS

- Problem Solving and self motivated
- Effective Communication and Team Collaboration
- Adaptability and Continuous Learning
- Time Management and Responsibility

CERTIFICATIONS

- Java - SpringBoard
- Data Structures and Algorithms - SpringBoard
- Python Programming - Coursera

HONORS & AWARDS

- Winner of “Hack and Copilot” Hackathon – Developed Python chatbot solution
